Japan's Mie Prefecture has an amazing array of top attractions, from highly spiritual locations such as Ise Jingu Grand Shrine and the Kumano Kodo pilgrimage route, to the postcard-like scenery of Wedded Rocks and expansive views from Yokoyama Observatory and Gozaisho Ropeway. Plentiful opportunities to get out in nature keep outdoor enthusiasts happy, and the unique culture and history of the Ama divers and Iga ninja give visitors to Mie "once-in-your-lifetime" experiences.

This autumn and winter, share your "once-in-your-lifetime" experiences of Mie on Instagram with hashtag #VisitMie for the chance to win some great prizes!

Be sure to post during Part 1 or Part 2 of the contest to be eligible!
